## Profile

A highly-motivated, goal-oriented full-stack developer specializing in JavaScript, Node.js, and React.js. With a combination of General Assembly's Software Engineering Immersive certification, Coding Academy's full-stack developer diploma, an MBA, and bilingual fluency in English and Hebrew, I am ready to make a meaningful impact in the InsurTech space.

---

## Core Skills/Competencies

- |              |              |                              |
|--------------|--------------|------------------------------|
| • JavaScript | • Vue.js     | • AWS S3                     |
| • Html       | • Python     | • jQuery                     |
| • CSS        | • Django     | • GitHub                     |
| • React.js   | • Mongoose   | • Management                 |
